

50 year warranty

Mammoth® Polyester Insulation

InZone Industries Ltd ('InZone') manufactures Mammoth® 100% polyester insulation products in New Zealand and are designed to provide long-lasting, durable thermal and acoustic insulation.

InZone warrants that, provided the polyester insulation is installed correctly and remains adequately protected, Mammoth will perform as well as when installed for 50 years.

This 50 year Manufacturer's Warranty covers insulation material durability when installed in accordance with the manufacturers installation instructions and NZ4246: Energy Efficiency - Installing insulation in residential buildings.

The 50 year Manufacturer's Warranty applies only to 100% polyester products manufactured by InZone and Mammoth and not composite products which incorporate InZone or Mammoth polyester products.

This 50 year Manufacturer's Warranty does not cover:

- depreciation due to normal wear and tear,
- faults or damage due to misuse, negligence or accident or any other cause other than normal reasonable use.

InZone or Mammoth is not liable for claims arising due to poor installation, design, structural movement or other building movement.

InZone's and Mammoth's obligations under this 50 year Manufacturer's Warranty extend to the repair or replacement of defective product and, subject to any rights a consumer may have under applicable consumer protection law, under no circumstances whatsoever shall it be liable for any loss of profit or other consequential loss occasioned through any defect in the product.

Nothing in this 50 year Manufacturer's Warranty limits any rights a consumer may have under applicable consumer protection law.

InZone manufactures Mammoth Modern Insulation in 3 New Zealand plants - 2 in the North Island, 1 in the South Island.
