

NOVAhush

Acoustic Wall Covering

APPLICATION

Mammoth™ NOVAhush Acoustic wall covering is 100% polyester and designed to be used as an interior surface lining in commercial or residential spaces to help reduce noise reverberation. Manufactured from 100% polyester with a decorative facing allowing creativity with colour and design.

Acoustic Wall Covering is suitable for walls in classrooms, libraries and office spaces as it is durable, hard wearing, helps reduce noise levels and has design flexibility to create contrasting colours, inlays and borders.

NOVAhush Acoustic Wall covering gained the supreme Group 1S rating under ISO 9705 Fire test, making it a versatile and safe choice for any surface covering.
